Part 3: Cylinders

Brown Wax 95
Concerts 95
Two Minute Cylinders (**including Gem Quality**) 95
Talking Doll Cylinders 98
Four Minute Cylinders 98

THE 50 FOR 500 DRAWING

As always, we will be awarding an auction credit *up to* **$500**! To be eligible for the drawing, all you have to do is submit 50 or more bids in this auction. It is not necessary that you have 50 *winning* bids, nor is the dollar amount of your bids important. In fact, all 50 bids can be $3 bids on $3 minimum bid records. The winners of the VRA 77 drawing were Richard Barnitz, John Bernot and Scott Haefner. Congratulations all!

THE "BUDDY SYSTEM"

Record collecting is a community sport and much more enjoyable when shared with others. So we have developed Nauck's Buddy System - a way for us to grow the community of collectors and foster new friendships.

What's in it for us? We get new bidders and the 78rpm fraternity grows (which it desperately needs to do; no one's interests are served if we don't find younger collectors to pick up where us old farts leave off!)

What's in it for you? For **every** new collector you refer, you will receive **$10 in Buddy Credit**, which will be subtracted from your auction invoice. There is no limit to the number of names you can submit, but they must be people we don't already have in our database, and they must make bids of their own in **this auction**. (The first person making a referral will get the credit.) If your **Buddy Credit** exceeds your auction total, the unused portion will roll over to the next auction. Credit applies to auction wins only. It may not be used for Resource Catalog orders, shipping costs or sales tax.

What's in it for them? They get introduced to the exciting world of Nauck's: collector's resources, Bidder Request Shows, Disc-O-Files, bidder contests and, of course, Nauctions. But that's not all. If their VRA 77 auction winnings meet or exceed...

$50, they will receive a free copy of ***Note the Notes - an Illustrated History of the Columbia Record Label***
$100, they will receive a copy of ***The Advertising History of the Berliner & Victor Talking Machine***
$250, they will receive a copy of ***The Collector's Guide to Victor Records***
$500, they will receive all three!

To participate, simply forward your names with full contact info: mailing address, email and phone number. Remember, only one bidder can be credited with a referral, so don't let the spring wind down on this offer. Nauck's Buddy System: ***where Everybuddy's a winner!***

NAUCK / DISMUKE BIDDER REQUEST SHOW

The show will be broadcast the weekends of October 18-19 and 25-26. Lots in the catalog that are noted **Bidder Request Show** or **BRS** will be played as time permits, along with your requests. Details may be found on our website by clicking the **BIDDER REQUEST SHOWS** tab. Please make your requests as soon as possible, as we record the show early in the auction cycle.

~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

This Nauction closes

SATURDAY, OCTOBER 25, 2025

Late bids will be accepted up until the point that we have finished entering all bidsheets and the auction is finalized (usually the following Thursday).
~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

AUCTION RULES

BIDDING PROTOCOL
The high bidder on any given lot will be awarded that lot either for the amount of his written bid ***or*** an amount equal to 10% over the next highest bid, whichever is lower. If this is confusing to you, please examine the following four examples:

1) Say you were the high bidder on Lot #1 with a bid if $100.00. However, the second highest bid was $50.00. This means that you would receive the record for only $55.00, **not** $100.00.
2) On the other hand, let's say the second highest bid was $95.00. If we add 10% ($9.50) to that amount, we get $104.50, so you would win the lot at your bid of $100.00.
3) Now let's say that you were the **only** bidder on this item. If, for instance, this lot had a minimum bid of $20.00, you would receive the lot for $20.00!
4) Finally, let's suppose that Weltin D. Blix also sent in a bid of $100.00. In cases of a tie, the bidsheet with the earliest postmark prevails.

If you cannot afford to win over a certain amount, please indicate your limit when submitting your bids!

You are encouraged to use the **Online Bidsheet** at www.78rpm.com, but a bid sheet has been included at the end of this catalog as well. Be sure to **PRINT LEGIBLY & DOUBLE-CHECK**, as you are responsible for the accuracy of your bids! Persons who win records in error will be subject to a $5/lot relisting fee. Bids received on or before the closing date will be considered valid. **Bids received after the closing date may or may not be entered, depending on how long it takes us to finalize the auction.** Please do not delay in submitting your bids as there is no advantage to submitting them at the last minute. Bids may be placed by fax, phone, mail or e-mail, though we ***strongly*** recommend using our **Online Bidsheet**. Since faxes often don't go through or are not legible, it's a good idea to mail a copy as well. The *Prices Realized List* for this auction is available for $5, and will be sent six weeks after the close of the auction.

MINIMUM BIDS
The minimum bid (MB) for any given lot will be found at the beginning of that lot's particular section, or it may be given within the description of the lot itself. MBs serve to protect the seller and guide the bidder. Bear in mind, however, that many lots will sell for much more than their posted minimums. We reserve the right to accept or reject any bid at our discretion. Though you are welcome to change or cancel any bid up to the close of the auction, we will not disclose high bids. Our auction protocol allows you to submit your highest possible bid to begin with, since there is a good chance you may win it for less. Bids may not be withdrawn once the auction has closed.

NEW BIDDERS
New bidders are required to submit a deposit amounting to 10% of their total bids, ***or*** two references from major record dealers **(deposits or references are only required from new bidders submitting over $500 in bids)**. Deposits will be credited to auction winnings. If your deposit is greater than your total bill, then your balance will be refunded in full or applied to your auction account, as you prefer.

AUCTION CLOSING
Though the posted auction deadline always falls on a Saturday six weeks following the mailing of the catalog, we will accept bids up until the auction is finalized (generally the following Thursday). As always, we reserve the right to change the closing date or to cancel the auction at any time, for any reason.

INVOICING & PAYMENT
Invoices will be mailed to successful bidders after a sufficient period of time has elapsed to allow for the delivery of all bids postmarked by the deadline (roughly 10 days). Packages will then be mailed out approximately three to five weeks later, assuming payment has been received. If you wish to pay for your winnings over a period of time, we are happy to oblige (within reason, of course).

Payment may be made by cash, Zelle or checks drawn on American banks. Credit cards are also accepted, but subject to the following fee schedule: $5 if your total is $100-200; $10 if $200-499; $25 if $500-999; $50 if $1,000-1,999; $100 if $2,000-4,999; $250 if $5,000-10,000 and 3% of the total for amounts over $10,000. We do not charge fees on totals under $100. Texas residents will be charged 8.25% sales tax.

SHIPPING/RETURNS
Domestic orders will be shipped via Media Mail; foreign orders will be shipped by air. Due to the erratic nature of my traveling schedule, we are unable to guarantee delivery within a specified time frame; however, we do our best to process all paid orders as soon as possible. We cannot hold domestic orders, but will retain foreign winnings (on request) to combine with future purchases. Any problems with your merchandise must be brought to our attention within 30 days of receipt of your order. Mistakes do happen, and refunds will be given on records incorrectly described or graded. Please contact us before returning items.

TRADES
As always, trades are eagerly solicited, and may take precedence over cash offers. If you have something of unusual rarity or interest, let me know, and we'll see what we can work out!

Participation in this auction constitutes acceptance of these terms on the part of the bidder!

GRADING

M- Just this side of mint. Few things in this world are perfect, so we don't use M. In fact, we very seldom use M-
E+ A choice copy with no wear whatsoever.
E Excellent. Virtually no trace of groove wear with only minimal traces of use and handling.
E- An above average record with a slight degree of groove wear that should not detract from its audio quality.
V+ Obviously well played, but still enjoyable. Noticeable graying in the grooves.
V Very well worn, but listenable. Expect the surface noise to be significant. There may be some stressed grooves.
V- Wiped out. Played with the right equipment, however, you may still derive a certain degree of pleasure from a record in this condition.
P Possibly unplayable.

M-, E+, E, E-, E--, V++, V+, V, V-, V--, P

N**ote that grading is visual!** Double pluses and minuses are used when needed to more accurately describe a record's condition (i.e., E-- falls between E- and V++). If the two sides differ, the lower grade is used. If they differ markedly, a combination grade such as V+/E-- may be employed. Please note that visible graininess will always be described on any record grading E or better, even if the record in question might be expected to exhibit such surfaces (Victor Scrolls, HMVs and Deccas, for instance). Graininess will also be described on lower grade records when the condition is more pronounced. Brown wax cylinders are graded audibly (unlike any other records in this catalog). Each cylinder is assigned a numerical value between 1 and 9, with 1 being totally inaudible and 9 being as new.

The abbreviation **DNS** stands for "does not sound," which means that the listed defect is silent when played on modern equipment using a properly sized stylus. The abbreviation **TOK** stands for "tracks OK" and is used to describe a defect that appears to be serious but which does not cause the record to skip or repeat (again, when played using the right equipment and stylus). The abbreviation **NAP** stands for "not affecting play," is used in the same way, but for less serious defects. You should expect such defects to sound, though they may not depending on your audio equipment.

ABBREVIATION KEY

ab	at beginning
ablac	alum-based lacquer
ac	aircheck
acc	accordion
ae	at end
ann	announced (by)
Arg	Argentine
Aus	Australian
bbl	bubble

On the bottom of the last page of the 1925 Victor Record Catalog, the following announcement appears:

DISCONTINUED RED SEAL RECORDS

During the great many years in which the world's greatest artists have made records for the Victor Talking Machine Company, it has been deemed advisable at various times to withdraw certain Red Seal Records from the catalog.

However, we have found a continuing demand for these records, and, as an accommodation to those who wish to secure them we have compiled a list of Red Seal records which have been withdrawn from the Victor Catalog from time to time.

We will furnish this list to individuals on request and will supply special pressings of these records at the prices shown therein, on receipt of cash with the order.

We would also call attention to the fact that the Victor Catalog still includes a few single-faced Red Seal records.

When we list Victor Special Order records in our Nauctions, we use the label abbreviation ViSO. These are single-sided white label pressings, and as one might expect given the preceding announcement, they are almost always from the Red Seal catalog. However, the boys at Victor were willing to fill orders for deleted issues from other catalog series as well, as the following listing clearly demonstrates. On every example I recall seeing, an order number appears in the 9 o'clock position on the label. All copy-specific information is typewritten, not type set. For this reason, the titles may be a bit different than what one would see on a standard commercial issue, and occasional mistakes may be encountered. The labels are of the bat-wing variety, which continued to be used even after the Orthophonic scroll label was introduced in late 1925. This was done to differentiate these acoustic recordings from newer electric releases.

The records presented below came from a collection purchased last year on my West Coast trip, and it is obvious that they were all ordered by the same individual (or institution/school/library, as the case may be). Interestingly, they come from seven separate orders. From an historical perspective, I thought it might be interesting to include the order numbers for each disc. Here is the quantity breakdown 1034=2, 1229=1, 1290=2, 9255=29, 9256=27, 9257=14, 9691=96. *Of course, I have no idea who purchased these or for what reason, nor do I know if this listing represents the sum total of this customer's orders. But it looks like they began with three small orders (perhaps to test the waters), and then went hog wild after that!*

The overall condition is spectacular; even Gem Quality for most examples. That being said, many of the discs have one or more green, red and/or gold stars on the labels (noted as **SOL** *(sticker on label) in the defect column. What these stickers indicate, I have no idea. My mind immediately went to schoolroom use, but they seem way to pristine to have ever been in a school. Not to mention the fact that many of the selections would have been highly inappropriate for young ears. So your guess is as good as mine.*

There are some pretty collectible titles and scarce issues in this run, so have fun and bid like you mean it; I expect a good deal of interest in these discs!

UNCOMMON RECORD LABELS

The following section is a continuation of the Nauchive of American pre-war record labels. I wasn't terribly aggressive in chasing down ethnic labels, but we did amass some pretty interesting examples. Racquel and I have done our best to transliterate (or translate) non-Latin scripts, but I'm sure the results are spotty at best. If you need a photo of something, let her know. You'll also find many of these on the ***Auction Highlights*** *page at 78rpm.com, and most of them will be included in our* ***Auction 77 Highlight Reels*** *on YouTube.*

O'Dowd is an admittedly rare label, but the more interesting thing about the lot is a piece of paper taped to the grooves on side 1. The large rectangular notice reads, "EXHIBIT - U.S. Dist. Court, S.D. of N.Y., Apr 19 1943, [?] 10 412" This disc was introduced into evidence by Columbia and Decca, joint defendants in a lawsuit brought by RCA objecting to their use of red record labels. In his decision, District Judge Woolsey wrote, in part:

"Victor, Columbia and Decca, among other companies, make some records with red labels in their centres, and the only real question posed for me to decide is whether the use of labels of a red color and this alone leads to confusion among retail buyers of records and promotes or tends to promote the passing off of Columbia or Decca records in the place of Victor records when the ultimate consumer purchasing is a normal man who can read and is of reasonable native intelligence. . . .

"It seems to me, however, that it cannot properly be contended that a colored round label, affixed to the circular centre of a circular disc record, is the use of color in the form of a design, as it must be to constitute a trademark. . . . The circular shape of this centre is inescapable. All that has happened is that a functional part of the record has been colored, not that a design has been achieved. This renders void the plaintiff's trademarks, for color qua color may not be a trademark. . . .

"I am almost persuaded that what the plaintiff dislikes is not what it is pleased to call unfair competition, but is any competition whatever. . . .

"The judgment of this Court, therefore, is that the complaint herein be dismissed, and I grant to the defendants all taxable costs, allowances and disbursements."

Apparently a large number of records were entered as evidence to prove that record manufacturers had been selling records with red labels for many years, so why is Victor only now complaining about it? Judge Woolsey noted that the color red occupied roughly one third of the visible spectrum. "[RCA] wants to be in a position to claim this broad band of color against other makers of disc records preventing them from the use of red centres. This position is not maintainable." Victor had been able to shut down Columbia's use of a red label on their Grand Opera series in 1903, but things have a way of changing over two score years. Nipper was spanked, sent to the dog house and told to think about what he had done! A very cool piece of recorded sound history which, as we know, was affected as much by events in the courtroom as in the laboratory.

➢ *Sunset was sold through the S.H. Kress Co., whose flagship store was on Sunset Blvd. Recording appears to have commenced in December 1924, but by mid-1925 the label was taken over by Hollywood. Sunset records were sold only on the west coast and in Hawaii, which explains their scarcity – especially on this side of the Rockies. The label largely features SoCal talent that didn't record elsewhere, and for this reason the records are sought by many collectors.*

FLEXIBLE RECORDS

The majority of lots in the following section are foreign issues. And though many are highly attractive, most will be warped or curled to some degree. Unfortunately, this is to be expected for such recordings, and it often renders them difficult to track. The use of turntable weights and slower speeds can help, as well as other techniques Mark and I have discussed on past Bidder Request Shows. For instance, Filmophones and similar thin, supple discs may often be tracked by gently applying pressure to the record surface adjacent to the cartridge as the disc is playing. The use of such techniques may at least enable you to get a rough transfer which can then be digitally edited. If not, it's a lot of fun trying!

LONGER PLAYING '78s'

➢ *Lots 989-995 are all "Five Minute Records." Introduced in the early 30s, this longer format played at the standard 78rpm speed, but the grooves were a bit narrower. It wasn't a hugely successful effort, but at least the interested consumer wasn't forced to purchase a new phonograph (as was the case with Victor's 33 rpm Program Transcriptions).*

PICTURE RECORDS

10", MBs as noted

This next lot is a genuine rarity: likely experimental and quite possibly unique. This picture record features the portrait of a woman wearing an exotic, bejeweled headpiece with "Words and Music by Anita Owen" positioned in the lower left corner. The lower right corner bears a logo of "The Jones Music Co.," a New York music publisher. This picture was taken from a 1920 piece of sheet music for "Alla," which includes the following dedication: "Admirably Dedicated to the Famous Artiste and Metro Star Mme. Alla Nazimova." Wording beneath the picture says, "Sample of the Gold Seal Record, Pat. Dec. 11, 1923 Other Pat. Pending." I downloaded the sheet music for Alla, and the tune does not match the spritely xylophone selection on the disc.

If you pull out your copy of Nauction 75 and turn to page 14, you'll see commentary on Lots 892 & 893, the latter being that fabulous picture disc from the 1925 Texas State Fair. These records were made under the previously mentioned 1923 patent filed by Mr. Samuel A. Gleason. Lot 893 in VRA 75 credited the Graphic Record and Radio Corporation, while Lot 892 credited Glee-Heart. The record being sold here credits yet a third presumed Gleason enterprise, the Gold Seal Record. This disc predates the other two, and appears to be a prototype (given the fact that the sheet music design and tune don't match). Could this be America's earliest known picture record?

Victor 18-6002 was issued to commemorate the trans-Atlantic journey of the Lithuanian flyers Steponas Darius and Stasys Girénas in their airplane, the Lituanica. These fellows set out from New York on June 15, 1933 for Kaunas, Lithuania. The next day their plane crashed in a German field; the cause of the crash remains a mystery. This is the rarest of the Victor picture disc series, and only the second copy to have crossed our grading desk. The first was unplayable.

If you happen to be the proud owner of a 1939 RCA "Magic Demonstrator" and don't have a record to go along with it, this is your lucky day! The Magic Demonstrator was a 40" talking Nipper with a speaker mounted in his head (see "Nipper Collectibles" by Robin & Joan Rolfs, pp 3-28 & 29, and pictured on the front cover). This 11" single-sided Victrolac disc is in great condition, and will have your dog speaking Spanish in no time. Apparently Master wasn't the only one who had a voice!

Here we have a fabulous multi-colored pattern label with bogus label info. (Though Emma Calve recorded "Old Folks At Home" both in 1907 and 1908, the record was 12" and both takes were issued as catalog number 88089, not 18908.) The label is affixed to Victor 16914 (each side being stamper A) which dates this pressing to as early as 1908; that being said, 3-7-10 is written on the labels. The pink field is eye-catching and the Nipper logo is in resplendent full color. Though other Victor patterns from this era exist with multicolor logos, such an extravagant design wouldn't appear on a commercially issued US pressing until 1954. The record has a 1" edge chip into the grooves, but this is the only example of this pattern I know of; I was thrilled to pay $500 for it at the Wayne show thirty years ago! (By the way, you may want to check out Lot 2190 for another interesting Calvé item.)

EXPERIMENTAL ELECTRIC TESTS & INITIAL RELEASES

On November 2, 1925 (almost one hundred years ago), the Victor Talking Machine Company unveiled their new electrically recorded records and the Orthophonic Victrolas designed to play them. This was, without a doubt, a red letter day in recorded sound history. Never before had the public heard such amazing sound from a phonograph horn. In celebration of the 'Victor Day' centennial, we are offering a number of fascinating discs that tell the story of this technological feat. (BTW, Victor Day in Canada was held on December 1, 1925.)

We lead off with a copy of English Columbia's Memorial Record, about which the label states, "Made at Westminster Abbey on November 11th, 1920 at the Funeral Ceremony of the Burial of the Unknown Soldier - By Guest & Merriman Electrical Process - Published for the Westminster Abbey Fund." These sides were electrically recorded through a line running from a microphone inside Westminster Abbey to a lorry (truck) parked across the street. Though the recordings are much inferior to what one might expect from your typical Victor record of the day, this technological tour de force served as proof of concept insofar as remote electrical recording was concerned. Indeed, it was the first issued electrical recording as well as the first live electrical recording. (By 'live,' I mean the recording of a public event taking place outside the studio.)

In the following entries, Lss = label states; Wss = wax states.

10", MB $50

***1166. Co Memorial Record [Eng; 12"] Choir, Congregation & Band of the H.M. Grenadier Guards: Abide With Me//Kipling's "Recessional" MB 2000 FW SCFS, LT GR E-**

A little over two years later, Lot 1167 was pressed. I will quote directly from Larry Holdridge's January 4, 2007 auction catalog describing the very disc presented here:

"The importance of this record is not Miss Eaver's performance (she was a Victor staff pianist and accompanist), but rather that it is a Victor electrical 'Pallophotophone' test recording. A November 18th, 1922 clipping indicates that this used a 'light ray' sound recording process developed by Charles A. Hoxie of the General Electric Company in 1922. It is the same process as used for sound-on-film recordings and by Brunswick three years later for its first electrical recordings (to which this relates in sound). William R. Moran quoted - in a letter to me in 1994 - notes from a diary kept by Albertis Hewitt of Victor's secret 'Experimental and Research Department.' Mr. Hewitt wrote on Dec. 12, 1922: 'Recorded piano records with the Pallophotophone today using electric recorder #1, same as on the 8th, but with piano closer.' Mr. Moran didn't know of any other existing copies of these Pallophotophone trials. This, therefore, is presumed to be the earliest known surviving American electrical recording experiment."

*A photocopy of the clipping to which Mr. Holdridge referred is attached to the record sleeve. It is from the November 18, 1922 issue of **Musical America**, and states:*

*"**New Device to Photograph Sound** - The invention of the Pallophotophone, a device to photograph sound and to reproduce it, has been announced by Charles A. Hoxie of the General Electric Company laboratories. The recording process is a little different from those previously invented. Sound waves cause a diaphragm to vibrate, to which a tiny mirror is attached which reflects a beam of light. The oscillations of this beam are photographed on a moving photographic film. The reproductive process makes use of an electrical apparatus sensitive to light, which produces an ordinary telephonic current. The new device is expected to be used in connection with moving picture films."*

The Pallophotophone was sporadically used to record radio programs for future broadcast or archival purposes, but the technology also gave rise to Brunswick's Light Ray recording system, and later to a sound-on-film system also developed by GE and marketed as the RCA Photophone process. RKO Pictures adopted the system for its talkies in 1929, and the rest is motion picture history. The trial recording initially sold by Larry and now offered here is a 10" recording on an 11" disc.

***1167. Vi #1 [11"] Miss [Myrtle] Eaver, pno: Hungarian Rhapsody (Liszt) *Wss "Pallophotophone (X?), Dec 12th, 1922, #1"* MB 3000 E-**

Larry thought it possible that his Pallophotophone record might have been America's earliest electric test, but it is not. Chicago's Orlando Marsh began developing his own electrical recording process in 1921, and a handful of Marsh Autograph tests from that first year are kicking about; the earliest of which was owned by the late John R.T. Davies (matrix 2). Matrices 19-21 have resided here at Ft. Naucks for many years, but I sold mx. 21. According to my database, I still own mxs. 19/20, but have been unable to find them (they are paired on a double-faced test). In its stead, I'm including the following Marsh pressing to fill the technological gap.

1168. Marsh Autograph mx 428 [ss] Mark Oster (Ritter Mark am Ton Chicagoans): Wie Koennte Ich Vergessen *Circa November 1923* MB 25 E--

In Nauction 33, we sold around thirty early electrical tests, and I will reprint some of my remarks here.

"*American Telegraph & Telephone Company (A.T.&T.) began researching electrical recording as early as 1919 through their subsidiaries, Bell Telephone Laboratories and Western Electric. By 1923, electrical recordings were being made of live performances transmitted by wire from New York City's Capitol Theatre and from radio broadcasts of New York station WEAF. Initially Bell Labs contracted with Pathé to manufacture pressings from their experimental masters, but in 1924 this work appears to have been taken over by Columbia. The Western Electric process was eventually licensed to both American Columbia and Victor, and both of those companies issued their first commercial electric recordings in 1925."*

The following two lots are WE tests pressed by Pathé. Note that mx. X-72 was recorded after X-80, which means that at least in this case, the folks at Pathé may not have taken great care in precisely numbering the trials based on their recording dates.

*1169. Pat mx X-80 Organ & Choir: Glorious Things *A bit muddy, the choir is a little distant, the organ more forward; there is a break in the recording midway thru, then some chatter, then 1" of silence followed by someone exclaiming "BF" Wss "19 Mar 24, R #4 C #2; V +14"; Lss "Inside Out"* SCFS, FW SM SCRS E-

1170. Pat mx X-72 Men's Chorus w/pno: The Viking Song (Coleridge-Taylor) *Muddy w/some distortion Wss "Mar 28, 24, R4 C2 +14"; Lss "Selection by Mont[clair, (NJ)] Glee Club, Play from the inside out"* CR TOK, SCRS V++

Our next lot was produced by Canadian Victor, and it's the only example I've heard of. Side one is an acoustic rendering of "You and I" by Jack Shilkret's Orchestra, recorded in New York on January 22, 1925 and issued in the US on Victor 19571. The flip side is the same selection by the same band, only recorded electrically! I have been unable to determine when and where this second session occurred, but the electrical matrix was not issued in the US.

***1171. ViW 19571-A/-A-A [Can] Jack Shilkret's Orc: You And I//You And I (V.E. Process) *Lss "Not for Sale"; blue lbl s1, black s2* MB 500 FW LT SCRS E-**

Lot 1172 is the earliest electric recording commercially released by Victor. Waxed on February 26, 1925, it features Frank Banta on piano, Rudy Wiedoeft on saxophone, Monroe Silver, Henry Burr, Billy Murray, John Meyer, Albert Campbell and Frank Croxton. Lot 1173 is the earliest commercial release that was recorded electrically; that is, it is a later recording (March 16, 1925) than Victor 35753, but it was released to the public before 35753. So both records represent firsts.

1172. ViW 35753 [12"] Eight Popular Victor Artists: A Miniature Concert, Pt 1//Pt 2 *Recorded 2/26/25* V++

1173. ViW 19626 International Novelty Orc w/Nat Shilkret, dir & Arthur Hall, vc s1: Joan of Arkansas-Buenos Aires//Mask & Wig Club Chorus: LIttle Indian & I've Been Waiting *Recorded 3/16/25//3/20/25* LMSS E

Our final four lots are all Columbia recordings. Lot 1174 was recorded live at the Metropolitan Opera House in New York City on March 31, 1925. It is on the original (flag) label of issue. I have no recording dates for Lots 1175-76, but 1177 is from July 13, 1925. Though these are clearly tests of the Western Electric system, they were recorded in the Columbia studios, not at Western Electric. Columbia's 60-64000 matrix series was allocated to trials and personal recordings.

➢ *Anyone who who entered life in Baraboo, Wisconsin and exited from Sarasota, Florida must have been connected with the circus - and so he was. (Baraboo was the first winter home of the Ringling Bros. and Barnum & Bailey Circus, but that changed to Sarasota in 1928.) Son of Charles Edward Ringling (one of the "Brothers"), Robert not only served for a period of time as President and Chairman of the Board of the enterprise, he was also an opera singer and banker.*

THEATER BACKGROUND MUSIC

The following ARC records say "For Theatre Use" on the labels, and are all E-prefixed recordings. (ARC used the E- prefix to denote 33 rpm records, while L- was used for 78s.) Both series published the same recordings, only the speed differed. All of these records were double-faced discs, with the very same recording on both sides. Though the majority of issues were not released to the public, a few were pressed or dubbed from commercial masters.

MOVIE PRODUCTION DISCS

➢ *Movie production discs were not made for public circulation. As sample recordings, rehearsal discs or works in progress, it is not unusual to hear announcements, studio chatter, shouted instructions, count offs at the beginning or end, clapboards, etc. Some of these have dates on the labels, but they may not represent recording dates.*

➢ *"Old Time Radio" collectors have bemoaned the notable lack of early radio shows in some of our more recent lists, but we aim to rectify the deficit with this auction. The following 16" ETs date from the 30s, and represent a good mix of musical genres, dramas and variety shows (many of which have not yet entered into circulation within the OTR community). Most of these discs are Victrolac pressings with beautiful gold RCA labels. Good luck!*

16" Radio Programs (33 rpm), MBs as noted

"Sing, Neighbor, Sing" was an early morning, fast-moving variety show for the farm folk that aired from 1936-37. Sponsored by Purina Mills, the show featured Hugh Aspinwall as Chic Martin, with Nancy Lou, the Purina Singers (or Melody Makers), Eloise Rowan (Dilling) on organ and Eddie LaRue as host. These are all 15 minute shows.

***1517. Mid-West Recordings Series N [12 recs; bw] Chic Martin - Sing, Neighbor, Sing C Series N Pgms 3-10, 19-32, 43/44, 59/60 (24 shows) MB 150 E+/E-**

This rare show aired in 1937 with just 21 programs, and was only broadcast on nine stations. You'll be treated to Dick Himber's Orchestra with Stuart Allen and Gogo DeLys on the vocals; Fred Uttal, announcing. These are 30 minute shows.

1518. RCA [6 recs; Victrolac] Coffee Club Pgms 18-19 (3 shows) *RCA OSs* MB 150 E

acy needs no introduction. The programs offered here cover the period from Dec 15, 1938 to Apr 28, 1939. Sponsored by Quaker Oats, these are 15 minute episodes.

***1519. RCA Series 2 [43 recs; Victrolac] Dick Tracy Series 2 Pgms 59-154 (which concludes Series 2) but 65/66 & 99/100 are msg; 73/74, 95/96 & 137/138 are present but broken (all told, a total of 92 episodes) *RCA OSs* MB 750 E**

➢ *Mezzo-Soprano Rachel Carlay sings in English and French (with a strong Edith Piaf vibe), accompanied by Dick Liebert on the organ and Don Wilson announcing. These are 5 minute shows, each featuring two songs. It was sponsored by Duff-Norton (lifting jacks from 1-100 tons; produced for manufacturers). Hey buddy, wanna buy a lifting jack?*

1520. RCA [3 recs; Victrolac] Duff-Norton Program Pgms 19-36 (18 shows) MB 50 SCRS PGMS 23 & 32 E-/E--

➢ *Geared for rural listeners, this 15 minute evening program is laid back and folksy; the music pleasant and interspersed w/hymns. Broadcast ca 1937-38 and underwritten by Aladdin Kerosene Mantle Lamps, you'll hear Joe Dumond with the Fireside Quartet and his Music Makers.*

1521. RCA [4 recs; Victrolac] Joe Dumond Pgms 58-65 (8 shows) *RCA OSs* MB 50 E-

Sponsored by the Ford Motor Co., this show features composer Ferde Grofé and his Orchestra with the Buccaneers and Marguerite Howard in a 15 minute format.

1522. RCA [7 recs; Victrolac] Ford V-8 Revue Pgms 14-27 (14 shows) *RCA OSs* MB 150 2 OXIDIZED LBLS, SIT E/E--

This delightful, lighthearted show features fast-paced banter, double-talk and fun music circa 1937. Designed for housewives, it's an obscure 15 minute program with Leonard Joy and his Orchestra, perky Jean Ellington and not quite so perky (or talented) Allen Prescott. Ray Perkins serves as host, song-writer and barker for the sponsor, W.T. Grant Co. Each program begins with the theme song, "Wake Up And Live"; alas, no circulating copies are reported.

1525. RCA [23 recs; Victrolac] Grant's Value Varieties Pgms 1-7, 9-39 (38 shows) *RCA OSs; 1 rec V++* MB 750 SM CR D3 E-/E--

*The title pretty much says it all. Programs cover the period from Nov 23, 1935 to Jan 11, 1936 (program 20 is the highest known number). Mr. Sumner Blossom (editor of **The American Magazine** & **Popular Science**) is host of this quarter-hour program.*

1526. RCA [4 recs; Victrolac] Interesting People in the News Pgms 13-20 (8 15min shows) *RCA OSs* MB 100 E-/E--

Taken from the pages of Love Story magazine, these 15 minute romantic dramas began airing in April 1936. Seven of the shows are not reported as circulating.

1527. RCA [12 recs; Victrolac] Love Story Pgms 1-15, 18-23, 26 (22 shows) *RCA OSs* MB 150 SIT E/E-

Rexall sponsored a number of shows, most of which centered around their famous One Cent Sales (buy a bottle of Everclear Nose Spray, get a second bottle for only one cent!) The 15 minute programs served up great songs and swinging dance band selections. You'll hear Don Voorhees and his Orchestra on Lots 1528-31, whereas 1532-33 showcased Rubinoff, his Violin and Orchestra with Buddy Clark and celebrity impersonator Arthur Boran; Graham Mcnamee, announcing.

16", MB $50

1528. RCA [3 recs; Victrolac] Rexall Magic Hour James Melton, Gogo DeLys, the Norsemen & "the Talking Penny" Pgms 1-5 (5 shows to air Tue-Sat) *Spring 1937 promos for Rexall's One Cent Sale* E/E-

16" Political Transcriptions, MBs as noted

Next up on the auction block is a very rare, heavy shellac, single-sided, center-start Gennett Electrical Transcription with concentric raised ribs on the back side (as is often seen on Gennett test pressings). The label says, "(In Person) Democratic National Convention, 1896." Bryan originally delivered his "Cross of Gold" speech on July 9, 1896 to the Democratic National Convention in Chicago. He spoke passionately against the prevailing gold standard in U.S. monetary policy, arguing instead that our currency should be backed by silver as well as gold. This was one of the most famous presidential speeches, and most of us older folks probably remember talking about it in our high school American History classes. Bryan didn't record the speech until July 2, 1923, when he did so in Richmond, Indiana for Gennett. Bryan died two years later on July 26, 1925.

The 16" ET offered here was dubbed from Bryan's 12" Gennett issue, and it was mixed with crowd noise taken from Gennett's sound effects series! So we have a studio re-creation of the event with Bryan delivering his own speech. (Contrast this with Lot 6948.) The disc ends with an announcer saying that the recording was preserved for posterity by Gennett, and that the transcription was dubbed from a master held by the Smithsonian Institution. Without a doubt, this record ranks a 10 out of 10 in terms of historical importance, rarity, technological interest and the all important 'cool factor.' "You shall not crucify mankind upon a Cross of Gold!" (See also Lots 7074-78.)

***1549. Ge 20394 [33 rpm; ss; cs] William Jennings Bryan: Cross of Gold Speech *Bidder Request Show* MB 2500 V++**

The following Franklin D. Roosevelt speeches were transcribed over telephone line by the Radio and Film Methods Corp'n. of New York City. The label on Lot 1550 reads, "Coast to Coast Hookup"; "Morner Multigroove Recording under Dyer Patents." The following hand-written notation also appears: "This is pressing No 1 to a great & loyal worker, Frank Carroll, [signed] A. Ralph Steinberg 5/23/35."

Lot 1551-55 labels mention the "Dyer Process Recording." Frank Lewis Dyer was a friend, legal counsel and biographer of Thomas Edison, and he was also inventor of 'Talking Books for the Blind.' A radio advisor who assisted FDR with his 'Fireside Chats,' Audi Ralph Steinberg served as Commissioner of the US Mint in 1936 and was married to Frank Dyer's sister. The inscribed notation, "ARS Personal File" on a couple of these discs would be a reference to Steinberg's archive. It appears likely that Steinberg was under contract to produce these pressings for the White House.

V-DISCS

*Another nice selection of V-Discs, many of which are announced by the artists. These personal greetings were not only comforting words from the home front, but they also served to endear the musicians to their appreciative audience. A number of the discs listed here have personnel listings covering the bottom half of the labels. The listings are not attached to the labels, but affixed using small pieces of tape that adhere to the runout area. As such, they may be easily removed without fear of damaging the labels. These lots are noted as **psroa** (personnel sticker [taped to the] run-out area). Most of these lots are in superb condition!*

FOREIGN & ETHNIC

If you are interested in foreign and ethnic recordings, don't neglect to review the fascinating selection featured in this auction's ***Uncommon Record Labels*** *category starting on page 10. You'll find plenty of Greek, Armenian, Turkish, Arabic, Irish, Jewish and Italian recordings on some very unusual US labels.*

➢ *We kick off this section with a fine group of African Zonophones, all with very nice original Zonophone sleeves. No doubt we'll play one on the Bidder Request Show. Zonophone's EZ- prefix was used for West African recordings from 1927-31.*

Side 1 of this lot purports to be a message given two days before Calvé died, and the label states, "Recorded on her deathbed, January 4th, 1942 in Montpellier." Some have questioned whether this is legit, but Georges Girard's biography gives the (correct?) date of January 2nd, 1942, and the name of the radio official who recorded her statement.

➢ *Here we have three Oakland Victor scrolls with a special album issued only in California. It has an original Heidt autograph, but someone replaced the records with other 78s, scratched out the autograph and wrote the new artists on the cover. (We replaced the 78s with proper ones.) All that being said, you'll be pleased to note that ViS 21957 has a nice bold autograph to "Vivian" by Heidt on one side and another fine autograph by Lykins on the other.*

Recorded at CBS station KNX in Los Angeles for the folks at Bridgeport, Connecticut, Columbia's home base. The record has a Columbia Record Corp. backplate, and is a wonderful in-house artifact by two of their biggest stars. We'll be playing it on the Bidder Request Show as part of our Christmas rotation!

We sold this record a few catalogs back, and now it makes a repeat performance. (Which is great, because it gives Mark and I a chance to play the flip side in BRS 77!) "Frei P(oli?)" is scratched into the label on side one, and a handwritten sticker is also attached which says, "Presented to Leslie Perowne by Radio Athens, June, 1945"; Perowne was BBC's Head of Popular Record Programs. This disc is one of a series of 10" radio broadcast recordings featuring dance band numbers with Nazi propaganda lyrics. They were meant to demoralize the Allies, but the idea didn't quite work as expected. Today, many of us find the records entertaining, amusing, historically fascinating and highly collectible.

***3414. - mx 0152/53 — Charlie & his Orc w/CS, vc: So You Left//Laugh, Clown, Laugh *Lg clarinet & mandolin lbl; 2/12/42* — MB 500 — HV LSCRS — E-**

African nationalist Marcus Garvey was founder and first President of the Universal Negro Improvement Association and African Communities League. He made a single record in 1921, and here it is. This is a historically significant item on a black-owned label few collectors are aware of, and fewer still will ever see. No serious archive of Afro-American history is complete without this record. (Also see Lot 3877.)

VATICAN RECORDINGS

➢ *You will find related lots sprinkled throughout the catalog (cf, Lots 808, 3094 & 3915).*

10" Vatican Recordings, MB $5

With the recent naming of Chicago Cardinal Robert Francis Prevost as the new Bishop of Rome (Pope Leo XIV), I thought it a good opportunity to release this long-time resident of the Nauchive back into circulation. One of only two recordings of Pope Leo XIII, this record was taken by Lt. Gianni Bettini just a few months prior to Leo's death at the age of 93. The record comes with a fabulous (original) booklet with pictures of Leo and the text of his recordings. The booklet is reproduced in full on the ***Auction Highlights*** *page at* ***78rpm.com****. It may also be seen in the* ***Nauction Highlight Reels*** *on YouTube, and heard on the* ***Bidder Request Show*** *courtesy of* ***Radio Dismuke****.*

I will confess that it's a bit unnerving to hear the spoken words of a contemporary of Thomas Jefferson. Born in 1810, I can think of none before him who made a recording; especially one that exists and is playable to this day. (I exclude tracings recorded by the Phonoautograph, tuning forks and other devices that were made before the invention of the phonograph, and were therefore unplayable until the present digital age.)

***3445. Bettini [9¼"; ss] Pope Leo XIII: Benediction Pontificale (Feb 5, 1903) MB 10000 LT SCFS E-**

➢ ***The Opening of the Holy Door*** *(in St. Peter's Cathedral) is a ceremony that inaugurates a Catholic Jubilee Year. Unlike the Jubilee given to Israel through Moses (which occurred every fifty years), Roman Catholic Jubilees occur every 25 or 50 years, and at other times according to need. The door remains open for the entire Jubilee year, allowing pilgrims to symbolically enter through the narrow gate spoken of by Jesus. The door is currently open for the 2025 Jubilee of Hope, and will close on January 6, 2026.*

➢ *Present in a recently purchased Kentucky collection was the following batch of acoustic single-sided Silvertones. These were pressed by Columbia from their own masters and sold through Sears & Roebuck. It is a remarkably clean group of records for this era, the biggest issue being that most of them have label tears and/or light label stains at the top. This was an unfortunate attempt by a previous collector to remove label stickers. (Sigh.)*

➢ *Quoting from our last catalog, "The earliest Diamond Disc pressings came inside special record boxes rather than sleeves. The boxes were quite attractive, but not adequately designed to withstand the mass of an Edison record. As such, they are seldom - if ever - found intact. But even in less than ideal condition, Diamond Disc boxes are sought out by collectors due to their rarity. The 80000 series issues came in green boxes, while 82000 releases were packaged in blue. They date from 1912 to the late autumn of 1913." We have three more boxes to offer here in VRA 77, and that will deplete our stock.*

I would also like to point out that Lots 6916 and 6935 are Diamond Discs from what is known as the "Preliminary Matching Series." These are the very first Diamond Discs released from the factory. Not intended for public distribution, these served as dealer and jobber samples so that Edison's network would have an opportunity to see and hear his new disc records. They are called "preliminary matching" due to the fact that the various sides were re-paired with other selections for the commercial releases. It is here in the Preliminary series that you'll find the earliest Edison label varieties. Have fun!

82000 & 82500 Series (Classical & Operatic), MB $3

From the Preliminary Matching Series, this is label variety Type I.A.1 with a matching blue original box (front & back w/a fw lt sts; sides broken).

6916. EdDE 82016 tk -/- Heinrich Hensel: Cavalleria Rusticana-Siciliana//Reed Miller: Ah! Moon Of My Delight, from "In a Persian Garden" MB 100 E-

Next up is an example of label variety Type I.A.2, Style 1a (ca mid-late 1913) with a blue original box (front & back ok w/some scfs & cnr creases; sides crushed, but most of the edges are intact).

10" Special Pressings, MBs as noted

The original sleeve for Lot 6939 bears an attached sheet with the following instructions:

EDISON TUNING RE-CREATION
A - INTERNATIONAL PITCH.

This RE-CREATION is used in tuning the New Edison to the pitch at which all RE-CREATIONS are recorded.

If the pitch of a phonograph is correct, the speed developed by the mechanism is also correct. In other words, International Pitch equals 80 revolutions per minute.

Use this RE-CREATION in conjunction with an International A Pitch-Pipe. Adjust the speed of the New Edison mechanism to the point at which this RE-CREATION sounds the same as the tone of the Pitch-Pipe.

THOMAS A. EDISON, INC.,
ORANGE, N.J.

The original sleeve with attached technician instructions is much rarer than the disc itself, and the disc is by no means common.

***6939. EdD mx 3342-B [ss] Tuning Record *Circa 10/14; no lbl as issued; OS w/instructions attached* MB 300 E-**

Part 3: Cylinders

BROWN WAX

➢ *Indicated speeds are approximate.*

Various makes (all in non-original boxes), MBs as noted

This is the first section and closing sentences of a speech given July 16, 1896 in Kansas City, Missouri to a crowd of 60,000 from the Coates Hotel Balcony, one week after his "Cross of Gold" Speech. Cheering throughout, but the speaker is not actually Bryan himself, this is a true studio recreation. Also see Lots 1549 & 7074-77.

6948. - "Speech of William J. Bryan, Democratic Candidate for President of the United States" *~100 rpm; see Lot 1549* **MB 250** **2 SM NDS** **7-8**

6949. Co2 [CPC] Steve Porter: The Honeysuckle And The Bee *140 rpm* MB 15 5-6
6950. Co2 15211 [CPC] Columbia Orc: March from "The Runaway Girl" (Soldiers In The Park) *125 rpm* **MB 25** **8**

*As far as I have been able to determine, this recording from the turn of the last century is the earliest known **playable** Hawaiian recording by a native Hawaiian. The earliest **non-playable** Hawaiian recording is the 1891 cylinder waxed by Queen Lili'uokalani, composer of "Aloha Oe," the most iconic of Hawaiian songs. Fortunately, the cylinder offered here is in a much better state of presentation than hers!*

6951. Co2 30200 [NY&P] Male Vocal w/pno acc: Aloha Oe (Lili'uokalani) *Ann in Hawaiian* **MB 5000** **8-9**

6952. Consolidated Consolidated Qrt: Hello My Baby *Early blank box & lid w/no label; 125 rpm* **MB 25** **LT-MD MSS** **4-5**

CONCERTS

5" diameter (boxes where noted), MBs as noted

The following two records came to me from opposite sides of the world. These cylinders are apparently part of a series on the Siege of Port Arthur, the longest battle in the Russo-Japanese War. The siege by Japan upon the Russian naval base at Port Arthur in Manchuria lasted five months, ending on January 2, 1905 with a Japanese victory that cost them dearly.

The cylinders are descriptive narratives in which the speaker refers to illustrations. This tells us that the listener would have been looking at a book, a set of pictures or even a magic lantern show, which is my personal opinion. The fact that these are Concert cylinders indicates that there would be a large number of people in attendance, which would seem to rule out a book or set of printed photographs. Indeed, it is entirely possible that the records might have been part of the soundtrack for a magic lantern slide set, especially during this time when the topic in question was very much in the news, and such shows were still in vogue. The cylinder blanks are identical, and likely came from the same source.

Though magic lantern shows created by using special cylinder recordings made to accompany slides existed in the early 20th century, we have been unable to find reference to one on this particular topic. This looks like a project ripe for further investigation! (By the way, the male speaker is American.)

6964. - [The Siege of Port Arthur] The Hobsons of Japan (occurred May 3, 1904) *Loud & clear w/minor distortion* **MB 2500** **8**
6965. - [The Siege of Port Arthur] On the Slope of the Port Arthur Hill (December, 1904) *Loud & clear w/minor distortion* **MB 2500** **8**

Edison Blue Amberol Test Pressings (none w/boxes), MBs as noted

This is a test for Blue Amberol 29005, but the catalog number doesn't appear; only the mx number. The edge says "SUPP." and the record has a smooth plaster core.

7585.	**Ed4BA mx 11412-21**	**Alessandro Bonci:**	**Luisa Miller-Quando le sere al placido *Issued tk?***	**MB 50**		**ES NTPG**	**E+**

Recorded in London and released in October 1910, this cylinder was issued as 4 minute wax Amberol 30030. It was never released as a Blue Amberol, but appears to be a BA test, as the edge of the cylinder says "SAMP."

7586.	**Ed4BA mx O-30030-6**	**Aristodemo Giorgini:**	**La Favorita-Spirito gentil**	**MB 250**			**E**

This is an interesting set of cylinders that came from the collection of the last Edison Phonograph dealer, Clarence Ferguson. I have no idea if this was an Edison experiment or a Ferguson experiment, but each cylinder has a different type of core.

7587.	Ed4BA 23127	Peter Dawson:	Queen Of The Earth *British; fabric (probably muslin) lined core*	MB 25			E-
7588.	Ed4BA 23127	Peter Dawson:	Queen Of The Earth *British; interesting black plaster core*	MB 25		SM HV SCR	E--
7589.	Ed4BA 23127	Peter Dawson:	Queen Of The Earth *British; interesting brown plaster core*	MB 25			E--
7590.	**Use this number to bid on Lots 7587-7589 as a group**			**MB 75**			**-**

~ *FINIS* ~

I hope you have enjoyed this auction and that you will be successful on those items of most importance to you. God willing, VRA 78 will be in the mail by March of next year if everything goes according to schedule. I still plan on another **Stuff Auction**, but not sure when that will happen. Somewhere along the way, a buying trip is in order as well. Lots of plans and little time, so we'll see how it all goes.

Thanks for your interest in our Nauctions, and remember - ***Bid High, Bid Early & Bid Often!***
